Accelrys® JDraw

Version 1.1 Service Pack 2 (SP2)

System Requirements

December 2, 2010

CONTENTS

1. Introduction

This document provides requirements, recommendations, and notes for planning an installation of **Accelrys JDraw 1.1 SP2**.

This document lists third-party hardware and software that are supported for use with the **Accelrys JDraw Applet 1.1 SP2**. The hardware and software and their versions are subject to change. Thus, this document will be updated as appropriate and made available to you at the Symyx Download Center or from Symyx Customer Support.

1.1 Definitions

For the purpose of this document, the following definitions are used:

- **Supported**: The hardware or software noted in this document was tested against the Accelrys JDraw 1.1 SP2 software by Accelrys and is expected to function as documented. Accelrys will support the hardware and software configurations stated herein. If issues are found that are specific to these configurations, they will be addressed per the Accelrys Software support policy.

- **Not Supported**: Any hardware or software not specifically listed in this document is not supported by Accelrys. Unsupported hardware or software is used at the customer's risk, and Accelrys makes no guarantee regarding the capability of unsupported hardware or software to function with Accelrys JDraw 1.1 SP2.

- **Regional Language Settings**: The ability to change the format that Microsoft Windows uses to display dates, times, large numbers and decimal fractions. This document includes the regional language settings that Accelrys supports for Accelrys JDraw 1.1 SP2.

2. Getting Help

An updated version of the System Requirements might be available at the Symyx Support site.

To locate the updated System Requirements for this product:

1. Go to the Symyx download site: http://www.symyx.com/downloads/

2. Log in with your Web site Documentation or Download user account username/password.

3. Choose **Support > Knowledge Base**.

4. To locate the System Requirements, choose the appropriate product name from the drop-down list.

If you need assistance installing the software, or if you have any defects to report or feature requests, please contact Accelrys Customer Support at:

- Support for "classic" Accelrys Products is available at support@accelrys.com or supportjapan@accelrys.com (for our customers in Japan).

- Support for "classic" Symyx Products is available at support@symyx.com or jsupp@symyx.com (for our customers in Japan).

- Accelrys Support on the Web: https://community.accelrys.com/index.jspa

- Symyx Support on the Web: http://www.symyx.com/support

A complete list of regional Accelrys Customer Support offices is available at:

- Accelrys Support Offices: http://accelrys.com/customer-support/contact.html

- Symyx Support Offices: http://www.symyx.com/support/contact/worldwide.jsp

3. System Requirements

The **Accelrys JDraw** is expected to run on any Java platform, but Accelrys support is limited to the following software.

3.1   Software Requirements

Accelrys supports **JDraw** with the following applications and versions.

Software (Windows)

Software	Supported Version(s)	Comments
Microsoft Internet Explorer	7.0 8.0	
Mozilla Firefox	3.6	
Sun's JRE	1.5.0.16 1.6.0.20	JDraw Applet 1.1 SP2 might not work with JRE versions prior to those stated in the **Supported Version(s)**. In particular, the applet will not work with version **1.6.0.15** due to a defect in the Sun JRE.

Software (Macintosh)

Requirement	Supported Version(s)	Comments
Apple Mac OS	Apple Safari 3.2.1 and higher	Macintosh OS X v10.5
Apple Mac OS	Apple Safari 4.0.3 and higher	Macintosh OS X v10.6
